

## **Sling Puck – Game Rules**

### **Object**

The first person to clear their side of the board first wins.

### **Setup**

Start the game by placing five pucks of each colour (Black & White) on each side of the board. Push both ends of the elastic band into the side holes on the sides and tie a knot so that it can't pull through.

### **Playing the game**

Clap hands with your opponent 3 times before starting.

No pauses are allowed in the game.

Important – Only one hand may be used to move the pucks and sling back to the opponent. Fire the pucks with one finger using the elastic, through the cut-out board hole in the middle of the board.

Should a puck be shot out of the board, then the person whom shot this must collect it and place it back on the board on their side.

Unbelievable fun and shouting is definitely allowed.
